Election/Restrictions

Claims 10-24 have been rejoined and examined.

Claim Rejections - 35 USC § 112

1. Claims 1-24 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
2. The limitation "if any" renders the claims indefinite as to the scope of the claim if no calls exist to the TNI. The applicant should add limitations, if calls exist and if no calls exist.

Claim Rejections - 35 USC § 101

3. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 10-24 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. The claims are not tied to the technological art and, as drafted, read on a algorithm. The applicant should amend the claim 10 to be commensurate with claim 1. Dependent claims should be modified accordingly.

Adoption of the requirements above would render the claims allowable over the closest prior art, US 5937043 and EP 0618 713 A2, and Chong, An Introduction to Optimization.
